

## VICTORY NEAR; REBELS WANT NO MEDIATION

Constitutional Leaders Insist  
Upon Fixing Their Own  
Terms Of Peace.

NO ARMISTICE IS  
LIKELY TO FOLLOW

Carranza Anxious Now To Extend  
His Control In The South To  
Strengthen Position.

Laredo, Texas, June 3.—Gen. Jesus Carranza, brother of the Constitutional leader at Nuevo Laredo, today refused to be interviewed on Huerta's announcement last night that he was willing to resign.

Other prominent Constitutionalists there, however, expressed emphatic opinions. They believed the certainty of their victory over Huerta would not warrant them in accepting the mediators' terms, and believed their leader would refuse an armistice and would be willing to treat only on the following points of mediation:

Salute to the American flag.

Arrest of an American messenger.

Censorship by Huerta officials of American State Department messages.

Elimination of Huerta.

American occupation of Vera Cruz.

Note Still Undelivered.

Washington, June 3.—The note of the mediators dealing with the Constitutional representation at the Niagara conference, had not been received today at Constitutional headquarters here.

Rafael Zubaran, General Carranza's representative, prepared to dispatch it immediately upon arrival at Carranza, by whom alone an armistice can be granted.

No statement regarding its contents will probably be issued until the message is in General Carranza's hands, since, though technically addressed to Mr. Zubaran, the communication is regarded as a matter with which Carranza and his advisers in Mexico should deal personally.

Should Keep On Fighting.

Constitutionalists here did not hesitate to express as their personal view that Carranza would not consent to an armistice nor to discuss the internal affairs of Mexico as an independent question.

The question rising from the American occupation of Vera Cruz they would undoubtedly bring in the question of the establishment of a stable government and the political pacification of Mexico as conditions to any retirement of the United States from Mexico. They hold that the Constitutionalists should go ahead with their military campaign until such conditions are established, and then they will have a definite basis on which to deal with the United States.

## REBELS SEIZE CARGO.

Confiscate Shipload Of Sugar As Schooner Runs Aground Near Mazatlan.

On Board U. S. S. California, Mazatlan, Mexico, June 2. By Wireless to San Diego, Cal., June 3.—The Mexican schooner Gavi, carrying a cargo of sugar, went aground today on Pledras Island in Mazatlan harbor, and was captured by the Constitutionalists, who confiscated the cargo. The vessel is breaking up on the surf.

The Federal Governor of Mazatlan has granted permission to a representative of the United States Consulate to enter the Constitutionalists' lines to try to negotiate for the return of the captured sugar.

Associated Press Boat, off Glen Cove, L. I. (By Wireless), June 3.—The second of the preparatory races held to select the yacht that will defend the American cup this year for a British challenger, began on Long Island Sound this afternoon with weather that promised a repetition of yesterday's conditions.

The Vantile, owned by Alexander Smith Cochran, and winner of the first contest, was out-jockeyed at the start by the Resolute, with Charles Francis Adams 2d at the helm, and crossed the line 12 seconds behind her rival. The official time of the start was:

Resolute, 12:16:30; Vantile, 12:16:42.

The race today was over a course to windward and leeward, each leg a trifle over 5 1/2 miles, sailed four times, a total of 23 1/2 miles. It lay between Great Captain's Island light and Motte point on the west side of Hempstead bay.

The yachts crossed the line in a seven-knot breeze, sails under on the starboard tack, scarcely a biscuit toss between them.

In the first half hour of the race Resolute had gained nearly half a minute on her rival and was about 200 yards ahead.

## One Cent An Hour Ends A Big Strike

Two Thousand Brickmakers Had  
Caused 148,000 Others To Be  
Idle For Three Months.

Chicago, June 3.—The strike of the brickmakers, which has tied up building operations in Chicago for three months, was ended today.

Officials representing the brick manufacturers and the makers signed an agreement last night granting the men one cent an hour wage increase for those receiving less than 40 cents an hour. The manufacturers will have full control of hiring and discharging workmen.

More than 150,000 men have been kept in idleness by the strike, although there were only a few more than 2000 brickmakers out. Inability to obtain bricks stopped building operations throughout the city.

## FOR ARBITRATION IN TOLLS BATTLE

Committee Directs President  
Wilson To Negotiate With  
British Government.

RESOLUTION MUST GO  
TO THE SENATE NOW

Washington, June 3.—By a vote of 8 to 6 the Senate Foreign Relations Committee today adopted the Sutherland resolution directing President Wilson to open negotiations with Great Britain for special arbitration of the Panama tolls dispute. The resolution now goes to the Senate.

Senator Borah (Republican) was not present when the vote was taken, but later notified Chairman Stone he wished to vote against reporting the resolution, making the vote 8 to 7.

Won't Affect Fight.

Sensors Stone, O'Gorman, Pomeroy, Swanson and Smith of Arizona, Democrats, and Smith of Michigan, Republican, were the others voting against it. Senators Hitchcock, Williams and Sausbury, Democrats, and Lodge, Root, McCumber, Sutherland and Burd voted for it. Three were not present.

Senator O'Gorman declared the action would not affect the fight against passage of the repeal bill.

The resolution was vigorously debated. It was pointed out that the Sutherland resolution was not proposed as an amendment to the pending repeal bill, but that its passage would lead directly to the opening of negotiations for arbitration no matter what becomes of that bill.

What Many Believe.

"I don't know what the vote indicates," said Chairman Stone's only comment. "It is well understood in the Senate, however, that many Senators who favor arbitration believe that before it should be chosen as a method of settlement the repeal bill should be enacted."

The resolution itself could be passed by a majority vote, but the special agreement under which the arbitration would be undertaken must be ratified by a two-thirds vote. Several Senators in speeches on tolls exemption have predicted that such a majority cannot be secured.

Church To Discipline  
These If It Cares To

New Castle, Pa., June 3.—Members of the United Presbyterian Church who are members of clubs having sideboards, attorneys who represent applicants for liquor licenses or property owners who rent their buildings for saloons may be disciplined if the individual churches care to take up the question.

This was the conclusion reached by the General Assembly here today.

## RESOLUTE LEADS RACE

On First Leg Of The Second Cup  
Trial The Vantile Lags  
Far Behind.

Associated Press Boat, off Glen Cove, L. I. (By Wireless), June 3.—The second of the preparatory races held to select the yacht that will defend the American cup this year for a British challenger, began on Long Island Sound this afternoon with weather that promised a repetition of yesterday's conditions.

## NO ONE OBJECTED BEFORE MORGAN

But New Haven Directors  
Kicked After He Left  
The Meetings.

\$1,000,000 LOST IN  
BUYING M. AND M.

J. S. Elton Unable To Tell Exactly  
What Merchants And Miners  
Line Cost New Haven.

Washington, June 3.—J. S. Elton, a director of the New Haven, was the first witness called when the inquiry before the Interstate Commerce Commission was resumed.

Chief Counsel Joseph W. Folk presented several telegrams bearing on the New Haven's payments of money to newspapers and other publications. In all, he said, several hundred publications were paid, among them he named the Boston Herald and the Boston American.

It was also brought out that the New Haven lost \$1,000,000 in the M. & M. steamship deal.

Mr. Elton said he attended the meeting at which Messrs. Morgan, Rockefeller and Miller were appointed a committee in the New York, Westchester and Boston transaction, and also when they reported.

Calls Purchases Extravagant.

"What was your opinion of their advocating spending over \$11,000,000 for the road?" asked Mr. Folk.

"I would not say that I felt it was unnecessary, but that it was extravagant,"

"Were you surprised?"

"I was, but had absolute confidence in Morgan, Rockefeller and Miller."

"Did the board usually acquiesce in the recommendations made by J. Pierpont Morgan?"

"Yes, I think it did."

"After Morgan left were any objections made by the directors against his wishes?"

"Oh, among themselves they would probably object."

The witness said he had spoken against the expenditure of \$20,000,000 for the Rhode Island trolleys, but had not voted against it.

"Did Mr. Mellen propose the acquisition of the trolleys?"

"I think he did."

"Why were you afraid to make objections at the meeting?"

Morgan Dominated Road.

"Natural timidity, I suppose. You see, I did not pretend to be a railroad man, and when Mr. Morgan or Mr. Mellen said to do a thing I had confidence in them."

"You paid \$20,000,000 for a property that admittedly was worth \$3,000,000."

"The witness said he was not sure about what you paid for it?" suggested Mr. Folk.

"Yes," said Mr. Elton. "That's about it."

Mr. Elton said he was a director also of the New England Navigation Company. Asked if he could tell the difference between a meeting of one board and a meeting of the other, he replied:

"Well, the same men were on both."

## LORD MERSEY HEADS PROBE OF DISASTER

List Of Dead From Sinking  
Of Empress Of Ireland  
Reaches 1024.

Montreal, June 3.—The news that Lord Mersey, who presided over the British inquiry into the loss of the Titanic, is to be a member of the Royal Commission appointed to investigate the Empress of Ireland disaster was received here with satisfaction. As Lord Mersey was president of the Titanic court, it is assumed that he will be similarly honored when the Royal Commission meets here.

The Canadian members of the Commission are Chief Justice Esdaile, McLeod of New Brunswick and Sir Adolphe Routhier of Quebec.

The Commission will be assisted by two nautical assessors, a marine engineer and a naval architect. Just when it can begin its work is still undetermined, but it will probably not be possible to hold the first sittings for about 10 days. The inquiry will be of the widest scope.

Another change has been made in the number of dead. The latest figures, given out in an official statement by the Canadian Pacific Railway Steamship Company, show that 1024 persons perished as a result of the collision between the Empress of Ireland and the collier Storstad.

The company has learned that there were 1476 persons aboard the Empress instead of 1387, as heretofore stated, hence the increase in the death toll. The total saved is now given as 432.

Monarchs Contribute

Christiania, June 3.—The King and Queen of Norway have sent \$25 to the London Empress of Ireland relief fund, which amounts to more than \$40,000. The Liverpool fund has reached \$17,500.

## TAR TO PREVENT I. W. W. GATHERING

Tarrytown Puts Down Soft  
Preparation In Public Square.

GRAVEYARD DEBATE  
SATURDAY'S PROGRAM

Preacher, Berkman, Abbott And  
Others To Discuss Order If  
Authorities Permit.

Tarrytown, N. Y., June 3.—Besides increasing the police force by 50 members to guard against a threatened invasion by Industrial Workers of the World, the town authorities held, with a soft tar-like preparation, square, where gatherings have been held, with a soft tar-like preparation.

Whether this was done by chance or design, it eliminates the square as a rendezvous for several days to come.

Protest Against Rockefeller's.

Industrial Workers of the World have held demonstrations here as a protest against the attitude of the Rockefeller in the Colorado mine strike.

Sherriff Doyle of Westchester county, in which is situated the country home of John D. Rockefeller, has been authorized by the village trustees to appoint 50 extra policemen to serve for 30 days or until the situation created by the demonstration is cleared.

In refusing several applications for permits for open-air meetings, the trustees issued a statement saying they considered such gatherings inadvisable at this time.

To Debate In Graveyard.

What action will be taken if the announcement of Rev. J. E. Cates, pastor of St. Paul's Methodist Episcopal Church of North Tarrytown, that next Saturday he will debate with Alexander Berkman, Leonard Abbott and others in the half-acre graveyard in front of his church, is carried out could not be learned today.

The 16 prisoners taken in the latest demonstration at Tarrytown now in the White Plains Jail have thought better of the demonstration and have not anything during their stay. They are eating anything they can get now.

March Was Halted.

The I. W. W. did not descend upon Tarrytown yesterday because one of the motorcars of the "hated rich" collided with them just above Hastings-on-the-Hudson and seriously crippled Alfred Werry, one of the Chicago members of the army.

But nevertheless Chief of Police W. J. Bowles had all his men prepared to repel the invaders, and the Tarrytown Fire Department was ready to fight the hose attached to the hydrant in Fountain square, and Gustav Applebaugh and his stygian brethren were on the alert at the gates of the Rockefeller place in the Pocantico Hills.

Their Ire Aroused.

Six of the I. W. W. were on their way to Tarrytown yesterday. "Chicago Al" Werry and "Rebel" Levinson led them. They had ridden as far as a nickel would take them on the trolley car and then proceeded to walk the rest of the way.

Just above Hastings-on-the-Hudson they were arrested by the appearance of a big motor driven by Miss L. T. Moore of Scarborough.

"Here comes one of those aristocrats wanting the road which we own and should have," yelled "Mike" Venturi. "Will we surrender our road to the aristocrats, brothers?"

"We will not," was the answer.

Stood In Road; Was Hit.

The motorcar won and "Chicago Al" was taken to the hospital in Dobbs Ferry, where it was found that he was considerably damaged, but he is expected to recover.

Miss Moore reported the accident to the police at Hastings. With her were Miss I. H. Homes of Scarborough, and Thomas Mahr, a chauffeur. Judge Hogan released Miss Moore on her own recognizance.

## POLICEMEN TELL INQUEST OF FUND

Grand Jury Takes Up Probe;  
Fifty Witnesses To  
Be Called.

MOXLEY AND WARD  
BEFORE BODY TODAY

Lieut. Lurz And Eleven Sergeants  
Also Testify At Opening  
Of Investigation.

Investigation of the collection of campaign funds by members of the Police Department in the fall of 1911 was begun today by the Grand Jury.

After finishing the routine work of the day the inquest had a number of policemen before it, and among these were some that the Police Board had already learned handled some of the money.

Moxley Heads List.

Among the officers who were called were former Capt. Jonathan E. Moxley, who some days ago told the Police Board that he delivered \$130 to "Jimmie" Larkins at the Democratic Club; Round Sergeant Michael E. Ward, who had told the Board that he paid \$475 into the hands of John J. Mahon, Democratic boss, at the Hotel Remont; Lieutenant Lurz, who is said to have admitted collecting some of the money from policemen; Sergeant Mooney, who reports have it, was the collector of the North-eastern district, Round Sergeant and Sergeants Gatch, Sweeney, Kirby, Hughes, Connelly, Concannon, Buckley, Forrest and Jenkins.

Fifty To Be Called.

Few of these men are now in the same district they were in the fall of 1911, when the campaign fund was collected. The Police Board gave the Grand Jury about 50 names, representing every police district, so that the men who were called today are not all who will be questioned. The Police Board succeeded in tracing the money collected in three of the eight districts, and it is for the Grand Jury to find out about the others.

Whether indictments are to follow is a question depending largely on State's Attorney Broening. He may hold that the statute of limitations bars prosecution in such cases after the lapse of one year. If so, and the Grand Jury returns no indictments it is expected to make a report to the court laying bare what it finds out about the collection of the money.

When the Police Board meets on next Friday it is expected to take action on the charges that have been made against Deputy Marshal James Manning, who has been pardoned, and the retired list. President James McEvoy of the board is of the opinion that he ought to be placed on trial, but the attitude of the two other members of the board has not been publicly stated. It is possible that they may stand together and overrule the president. This was stated today to be the strong hope of friends of Manning, who claim that the board by allowing him to retire when they were making an investigation practically waived the prosecution of charges against him. Manning has not yet been heard from by the board.

Farnan's Attitude.

The attitude of Marshal Farnan as to asking to be retired has not yet been made known. It is thought that some of his friends the Marshal has said that he would ask to be retired, but as he has not given any sign to the board some think he has changed his mind. He has been to the board and said that he is not to be reappointed when his time expires on August 8, and his friends have apparently given up hope of persuading the board to change its attitude. Indeed, the Marshal's closest friend seems to be now concerned mostly about the selection of his successor.

Captain G. G. Henry, now in the Northwestern district, has some powerful friends, but it is not clear how much chance of his being named. Just now chances of Lieutenant Carter, Acting Deputy Marshal, are brighter than Hery's. For Deputy Marshal Captain Samuel W. House, appears to have the lead.

## Police Seizing Mrs. Pankhurst

In the raid on Buckingham Palace, the residence of King George, the militant suffragettes at one time controlled the situation to such an extent that the police had their hands practically full. The photograph, which was just received, shows Mrs. Pankhurst, the militant leader, being seized by a police officer at the very gate of the Palace.

## GOVERNORSHIP FIGHT IS BEGUN BY SULZER

Will Be Independent Candidate And Plans Tour  
Next Week.

New York, June 3.—William Sulzer, whose removal from the office of Governor by the Court of Impeachment has been upheld by the Court of Appeals, is going to start on one of his well-known "whirlwind" tours of the well-known "whirlwind" tours of the State. A story was told today that Sulzer, as testified to at the impeachment trial, borrowed \$38,000. Some of this money has been paid back, it is understood.

Friends of District Attorney Whitman have also been asked to contribute to the fund.

Sulzer already has some shrews of war, as he is sending broadcast through the State little buff cards announcing his candidacy. At the head is a good picture of the Liberty Bell, plainly showing the cracks.

Under the heading of "Our Platform" is:

"Beat the bosses."

"Stop the grafting."

"Get the grafters."

"Take care of the taxpayers."

"Give labor a lift and a square deal to all."

"Prevent the pollution of the courts of justice."

"Promote the social and general welfare and progressive legislation."

"Perpetuate our free institutions, free speech, free press, free schools."

"Enforce equal rights to all and stop special privileges to anyone."

While there is a possibility that some other company may come to the front by winning both the infantry and artillery points, the race for color company now rests between the fifth company, commanded by Midshipman John N. Laycock of Massachusetts, and the eighth, commanded by Robert W. Perrell of Virginia.

The board of visitors, while holding no formal meetings, spent the morning walking through the Government reservation on an inspection tour. The naval hospital, the marine barracks and the dairy farm were visited in turn.

The practical exercises for this afternoon include drills afloat by the midshipmen, during which the future admirals will show the visitors what the year learners of handling boats under sail, under oars and propelled by steam. After the dress parade at 6 o'clock the main social feature of the day will be the reception at the residence of Superintendent and Mrs. Fullam in honor of the members of the graduating class.

Principal interest now begins to center in the coming of President Wilson to Annapolis on Friday, when he will address the graduates and deliver the commencement address. The President will come over aboard the Mayflower, reaching Annapolis some time tomorrow night, or early Friday morning. After the graduation exercises, it is expected that he will return during the afternoon to Washington.

It is probable that Secretary Daniels will accompany him.
